Dear Stewart,

Did I see in the press that you are involved in investigating bush fires?

I wish to bring to your notice that the Fire Station at Ansey's Inlet is a long way from the Highway down a gravel road. The site of the Anglesea F/s. is much better sited on the Highway.

I commend the Surf Shire Council on sending Officers around (esp. Fairbairn, where I own a very small holiday house) to check on blocks which are not well maintained.

I wish you well with your deliberations.

Yours in Liberal friendship
(Mrs) Priscilla Laird.
