

Submission to inquiry into Digital TV

I recently spent a lot of money
on a new TV, which, d.v., will
see me out — say to 2020.
My previous TV set lasted that long,
and I expect a repeat.
Now they tell me that analog TV
will be gone in 2 or 3 years.
That, I must say, strikes me as
morally grotesque. I do not want to
spend more money on a converter.
HASTY!!!! years in serfdom,
J.C. MacKenzie
