Apocalyptic Board,
Forest Hill 3131
14 March

The Chairperson
Joint Standing Committee on Treaties,
Parliament House,
Canberra.

Dear Sir,

I am deeply concerned about some of the problems that may arise if Australia should sign the treaty to establish the International Criminal Court. - I fear that our National Identity or sovereignty will be under real threat if this Treaty is ratified.

Please please do not sign this document. and also please do not enact the provisions of the International Court into our domestic law.

Yours faithfully,
Betsy A. McPhie
