

Submission No. 169

20 Panguna Street,
TRINITY BEACH. 4879

14th March, 2001.

Joint Standing Committee,

Dear Sirs/Madams,

I ask that Australia does not ratify the Treaty on the international criminal court.

If Australia ratifies the treaty, we will be giving power to others outside Australia, who do not know who or what we are. We are very capable of making our own decisions. We could be forced (or have forced upon us) laws that are damaging to us as Australians.

Lets stand up and be counted as being Australians and perfectly capable of making our own decisions.

Thank you,

regards,

Julie Arthur.
