Re: Proposed RAAF Base (East Sale) redevelopment

Committee Secretary

Parliamentary Standing Committee on Public Works

P.O. Box 6021

Parliament House

CANBERRA ACT 2600

We, the directors of Laser Plumbing Sale, fully support the proposed \$185 million upgrade at the East Sale Royal Australian Air Force Base.

We have attended the briefing session held locally and acknowledge the economic and social benefits the development will bring to the Wellington shire and wider regions. Our firm optimistically endorses the expenditure on infrastructure improvements and appreciate this will only enhance our pride and commitment for the Defence force locally and nationally.

We applaud the Federal Government's pledge of investment in Gippsland and welcome the commencement of the infrastructure development.

Yours Faithfully,

Daniel Smolenaars
Managing Director
Laser Plumbing Sale
